

# Density

(w/o “K” okay)

(no que ici)

Ink on paper

*Too many opinions superfluid  
dense-packed with meaning making.  
It's rather beautiful. Each tribe-cult-ideol-  
ogy having its private hooray made public.  
Generations inhabit space differently  
participating in reaching consensus but  
merely seeking entertainment value at the  
potential cost of others happiness-pain  
index. Density absorbs space, revealing the  
scab, notwithstanding the flavor of opacity.*
